Laptop Base 92L

Our new **Laptop Base (Model 92L)** is designed as a multi-functional accessory for your laptop or cordless keyboard. The base is designed so you can conveniently sit or stand up without having to straddle over legs (competitor's product typically use a five prong base). This unique base is also space conscious and requires little space when it is stored. It is very competitively priced and easily competes with similar products and keyboard trays.

Table top high density laminated particle board 23.5"/18"d.

Base 1" steel tube powder coat finish with four 2" dual wheel carpet casters for mobility. 2 wheels with brakes.

Column pneumatic lift height adjustable from 24" to 34" made of stainless steel.

cordless keyboard use

Standard System Limited Warranty

We guarantee all non-moving metal components to be free of material defects and workmanship for a period of ten years from the original purchase date. We will replace any unaltered non-moving metal components which, based upon our examination, proves to be defective. For pneumatic cylinders, wooden and plastic components, casters and upholstery materials, the said warranty shall be for five years. Swivel/tilt mechanisms and bases shall also be for ten years.

This warranty does not cover labour or delivery charges and does not apply to items subjected to abuse, misuse, neglect, alteration, or damage caused by shipment, storage, accident, fire, flood or earthquake.
